

GCSC News Letter (康鶴通訊) No. 1

September 2020

From the Co-Directors 主任的話:

Dear members,

It's been 6 months since our last activity which was the double birthday celebration on March 4, 2020. Since then a lot has changed, based on the health order from the Contra Costa County and for the safety of our members, we are forced to close the center and ceased all physical activities and classes.

Even though the center is temporarily closed, we have not stopped working, we have provided some of the classes via Zoom. We will have a monthly newsletter which can be found on our website, we will provide communication and information to our members either through email or on our website, we also welcome members to submit articles for our website, maybe even recipes! We will review all articles to make sure they are appropriate for our website.

Even though we cannot have physical birthday party, we still want to recognize all the birthday members, we will like to recognize all the following September birthdays!
